INSTRUCTIONS: Important to note the use of following symbols in dropdown response options

○ Means chose one only
☐ Means select all that are applicable

Notice the CATI module is a very shortened version of the Household Update, the Household Member Update, and may trigger the normal EVENTS modules trigger Pregnancy Outcome Notification Module and Household Member Registration Modules as there are in CAPI Household.

The modules below are NEVER done in CATI:

- Household Socio-Economic Module
- Pregnancy History Module
- Child Health Vaccination Module

Section 1: Household Contact Attempts

1.1. Choose Household ID

1.2. Record visit attempt date: YYYY-MM-DD

1.3. Record type of Visit [dropdown with radio button, choose one option only]

○ Regular Visit
○ Problem Solving
○ Quality Control
○ Tracking

1.4. Was this a successful contact to the household? [dropdown with radio button, choose one option only]

○ Successful Contact
○ Non-Contact (telephone out of service)
○ Non-Contact (phone ringing but not answering)
○ Refused Call [END of visit]

1.5. [IF NON-CONTACT] are you scheduling for another call attempt?
○ Yes
○ No

1.6. [IF RESCHEDULING] when are you contacting the household again? YYYY-MM-DD

1.7. [IF Refused:] What is the reason for refusal? [provide space to write text narrative]

1.8. Who is the informant for the household? (choose from dropdown of the household roaster

1.9. Are you still staying at the homestead of [NAME of LOCATION OWNER], which is at [VILLAGE NAME], local area [IF WITHIN VILLAGE THERE IS A PRECISE LOCAL AREA]?
  ○   Yes
  ○   No

1.10. Is the household of [HOUSEHOLD HEAD NAME] still staying at the homestead of [LOCATION OWNER], which is at [VILLAGE/SUBURB NAME], local area [IF WITHIN VILLAGE/SUBURB THERE IS A PRECISE LOCAL AREA]?

  ○   Yes
  ○   No

1.11. [IF NO] When did the household end its residency? YYYY-MM-DD

1.12. How did the household end its residency?
  ○   Household has ended
  ○   Household migrated to outside DSA (External out-migrated)
  ○   Household migrated to within DSA (internally out-migrated)

  NB: Please note you only choose household migrated (externally or internally) if all resident household members (including one-member households) have migrated, otherwise treat the migration as individual or groups of individuals migrating together. Also treat remaining resident members as old household continuing its residency)

1.13. Did some of the household members migrate together?
  ○   Yes
  ○   No

1.14.   [IF YES] How many multiple migrations would you like to capture? [insert number of multiple migrations required, each to list household members who moved from to same place of destination on the same day]

1.15. Within each MULTIPLE MIGRATION:

  1.15.1. For each multiple migration, select the members who migrated together from household roster dropdown]

  1.15.2. [IF HOUSEHOLD MEMBERS ARE EXTERNALLY OUT-MIGRATING] Is the external location of their destination place of usual residence a rural or urban area?
      ○   Rural
      ○   Urban

1.15.2.1. What is the name of the external location of their destination place of usual residence? [Provide a Node specific dropdown list of locations that represent your common external migration streams]

1.15.3. [IF HOUSEHOLD MEMBERS ARE INTERNALLY OUT-MIGRATING] Is the internal location of their destination place of usual residence a rural or urban area?
- O   Rural
- O   Urban

1.15.3.1. What is the name of the internal location of their destination place of usual residence? [Provide a Node specific dropdown list of locations of villages/suburbs and local areas]

Section 5: Household member Roster

5.1. Prepopulate household roster with all currently registered members of the household; full names [surname, first name, second name, DSID, date of birth (yyyy-mm-dd) and current age in years]

5.2. Provide space to add any new household members currently not on the prepopulated household roster [capture full names surname, first name, second name only, automatically generate a Temp ID for them, and allocate HMR form for each newly added member. For instance, for the first new additional member for household AB, generate AB-01, etc]

5.3. o check if there are any new household members to be added to the household roster, use the following probing questions to ensure you list all household members:

5.3.1. Could you please tell me the names of all new members of your household not on the household roaster but who are 'currently' resident here?

5.3.2. Could you please tell me the names of all new members of your household not on the household roaster but who are 'currently' not usually resident here?

5.3.3. Are there any other people not on the household roster but who are usually resident with your household and usually eat together with your household, such as domestic workers?

5.3.4. Has any person who had become a member of your household after [DATE of last visit] died or out-migrated and is not listed on the household roster?

5.4. [Prepopulate head of household at last visit] Has household head changed?
- O   Yes
- O   No

5.5. On which date did household head change? YYYY-MM-DD

5.6. [IF Household head changed] Who is the household head [Choose from list of the household roaster and link]
